DETAIL A — NW CORNER: CARETAKER ROOM + COMMON TOILET

9ft usable x 15ft construction + 15ft parking | Scale: 1ft = 18pt | Vastu compliant — 95%
Greeneye Nursery & Sustainability Centre | Owner: Piyush Ji | Architect: Diksha Singh, Jaipur

VASTU COMPLIANCE — 95%

- ✓ Room in NW zone — caretaker/temp use
- ✓ East entry to room — Surya direction
- ✓ Toilet fully independent — solid wall
- ✓ West door — South-biased position
- ✓ NW Vayu sub-corner kept free (4ft+)
- ✓ Door hinged S jamb, swings toward E
- ✓ Aligns with primary South approach
- ✓ Pathway open both ends (N + S)
- ✓ WC faces East — correct
- ✓ Exhaust fan West wall — air exits W
- ✓ Fresh air louvre East wall — Surya
- ✓ Cross ventilation W to E — effective
- ✓ Slab on North wall — Mercury energy
- ✓ Storage on West wall — correct side
- ✓ Bed head to South — Earth magnetism
- ✓ South wall solid — Yama's wall

ARCHITECT NOTES

5ft setback — open path only, no roof
Ventilation: exhaust fan W wall @ 7ft
+ louvre window E wall @ 7ft
DRAIN — West direct exit (Option 1):
Exit: West wall of toilet
Trench: under 5ft setback, straight W
Fall: 1:40 gradient (~1.5in over 5ft)
Chamber: at W boundary (setback edge)
Soak pit: just outside W boundary
Stub: capped stub toward 60ft road
(future municipal connection ready)
Wall: 4.5 inch brick minimum
Max height: 10ft flat/sloped roof
Wall finish: light green or cream

TOILET: ONE West door | From South road: enter pathway at South end, walk North | From parking: enter pathway at North end, walk South → same door
ROOM: Nursery land (East) → East door → Caretaker room | Fully independent — solid dividing wall, zero internal connection to toilet
